## Asian Educators To Meet Here

Some of the world's top authorities on education will be in American Samoa October 7 through 11 for a conference of Southeast Asia ministers of education.

Over 25 are expected to attend and government officials today were attempting to find housing for some of them during part of the period when the Pago Pago Inter-Continental Hotel will be filled.

Details of what the group will consider were not known here but it was assumed it will concentrate on educational television. Director of Education Roy D. Cobb issued a directive to teachers and staff members in his department to be prepared for the group to visit schools, to arrange for displays and exhibits and have teaching material ready for showing.

The directive said that in addition to the Southeast Asia educators, consultants will attend from Japan, Great Britain, Australia, West Germany and Canada. Others will represent the United Nations and the Ford Foundation.

HUMPHREY SAYS NIXON BLOCKING FORTAS APPROVAL

SEA GIRT, N.J. (UPI) - Hubert Humphrey really took off after Richard Nixon today. Talking to newsmen at Sea Girt, Humphrey charged that Nixon made a deal with Senator Strom Thurmond of South Carolina to block the confirmation of Abe Fortas as chief justice of the United States.

It was the Democratic Presidential nominee's strongest attack yet on Nixon. Humphrey said Nixon could remove Senate roadblocks to the Fortas confirmation "in a week if he'd say the word because it's his troops in the Senate, his supporters, who are blocking the confirmation."

Instead, the Vice President charged, Nixon is "playing it footloose and fancy free by attacking the courts, attacking the Supreme Court and playing the game with Mr. Thurmond." Humphrey went further. He said Nixon is trying to get votes by attacks on the courts and, on the enforcement of laws Humphrey said. "If he wants to be Fearless Fosdick, that's his business." Fearless Fosdick is a bumbling detective in Al Capp's Abner" cartoon.

The Republican Presidential nominee was in Indianapolis.

He challenged the theory of the administration that poverty is the primary cause of crime.

Nixon, in a special statement, said Humphrey is "tragically naive" about the nature of what the GOP Presidential contender called "the crime crisis that grips America."

Nixon said poverty does not account for the "dangerously accelerating use of drugs among the teen-agers of affluent America." He said rising crimes of violence and largeny committed by suburban youth cannot be explained by poverty. Nixon said that in the last eight years when the cross national product and personal incomes have risen to record highs, "major crimes have almost doubled" while millions of Americans, because of economic growth, crossed poverty lines into the affluent society.

WALLACE SWAPSBARBS WITH HECKLERS

MILWAUKEE (UPI) - Third Party Candidate George Wallace had a hectic campaign evening here last night when Milwaukee priest James Groppi, adviser to a Negro youth group in the city, led about 250 noisy demonstrators in a march around the hotel where the Presidential hopeful attended a fund-raising dinner.

Later, at Milwaukee Auditorium, Wallace tossed out some barbs at a band of hecklers, who in turn were shouted down by Wallace supporters. There were no serious incidents.

Earlier yesterday, the ex-governor of Alabama visited the tomb of Abraham Lincoln at Springfield, Illinois. Said Wallace: "We in the South feel the traditions and heritage of Abraham Lincoln belong to us just as the traditions and heritage of Jefferson Davis and Robert E. Lee belong to all the people."

DEFENSE RELEASESORDERS OF PUEBLO

WASHINGTON (UPI) - The Defense Department today disclosed the orders the USS Pueblo had been given before it was captured by North Korea last January. The ship had been ordered to spy on Soviet naval activity but stay at least 13 miles from the Soviet and North Korean coasts.

FORTAS DECLINESTO TESTIFY AGAIN

WASHINGTON (UPI) - Supreme Court Justice Abe Fortas this morning "respectfully declined" to appear again before the Senate Judiciary Committee. The panel was due to hear testimony today regarding local obscenity laws, some of which were overturned by recent Supreme Court rulings in which Fortas participated. The committee is considering his qualifications for the post of chief justice.

CHET'S BROADCASTSDRAW REPRIMAND

WASHINGTON (UPI) - The Federal Communications Commission today reprimanded the National Broadcasting Company for not disclosing that Chet Huntley had interests in the meat packing industry after he broadcast attacks on the wholesome meat act.

The FCC accused the network of falling short of its responsibilities.

At the time of two radio broadcasts made last May 27 and June 10, Huntley owned a ranch in Montana and had an interest in a cattle feeding operation in Iowa.

The FCC gave NBC 30 days to submit a statement on the matter. NBC had no immediate comment.

LBJ UNDECIDED

ON TAX EXTENSION

WASHINGTON (UPI) - Budget Director CHARLES ZWICK today told the JOINT Congressional Economic Committee President Johnson hasn't decided yet whether he will recommend an extension of the 10 per cent income tax surcharge. But Zwick described the expected deficit budget situation in fiscal 1970 as one which would allow the government little leeway unless the surtax is continued.

The actual decision on extending the increase will be the responsibility of the next President and Congress.

Vice President Humphrey's campaign aides have said pressing social needs would probably mean no income tax reductions for several years if he is elected President. Richard Nixon's camp has indicated taxes would be lowered if he wins.
